Print**GUARD**

Revolutionary boards for graphic display and signage

PrintGUARD opens up a whole new world of possibilities in printing. The path-breaking technology allows you to experiment with colours, textures, laminates and fabrication.

PrintGUARD's perfectly flat, matte surface with corona treatment provides seamless finish to print on both sides. A new era in printing has begun. It's time to unfold your imaginations.

THE Print**GUARD** ADVANTAGES

PrintGUARD is a tough, durable and user friendly solution that can be processed in multiple ways like, cutting, creasing, folding, heat welding & ultrasonic welding. It is completely weatherproof and 100% recyclable. More advanced than the conventional materials like Sun Board and PP Flute board, it does not tear or crack thus giving you endless creative possibilities.

With so many benefits and its superior aesthetic value, **PrintGUARD** is the obvious choice for all display and signages.

KEY BENEFITS

HIGH AESTHETIC VALUE

DOES NOT CRACK

EASY TO FABRICATE
